

OUR FIRM

Klapach & Klapach combines the high quality service of a large law firm with the personal touch and affordability of a small firm. After graduating from the nation's top law schools and practicing at some of the country's most prestigious law firms, Joe and Tali Klapach decided to form a firm that would reflect a more personal approach to the practice of law. At Klapach & Klapach, we offer our clients extensive expertise in our areas of practice, personalized attention, and the highest quality service at reasonable prices. Our mission is to build long-lasting relationships with all of our clients and to have each client view us as a personal advisor and advocate.
